Professional Summary

Web Software Developer with hands-on experience in developing responsive websites and scalable web applications using modern frameworks and technologies.

With a strong foundation in front-end and back-end development, I bring 2+ years of experience from internship to full-time role at KVR Technologies. Skilled in Vue.js, JavaScript, PHP, HTML, CSS, and J Query.

Adept at solving technical problems, optimizing performance, and delivering clean, maintainable code. Passionate about learning new tools and contributing to collaborative development environments..

Experience

* KVR Technologies / Web Developer

April 2023 – Present

- Develop and maintain web applications using Vue.js, PHP, and JavaScript.
- Collaborate with UI/UX designers to integrate front-end logic.
- Build REST APIs and connect them with dynamic frontend components.
- Work on client projects, ensuring timely delivery and code quality.
- Handle bug fixes, performance optimization, and code reviews.

* KVR Technologies / Intern

August 2022 – April 2023

.

- Assisted in full-stack development tasks under senior developers.
- Gained hands-on exposure to real-world coding, version control, and agile practices.
- Supported front-end design using HTML, CSS, and Bootstrap.
- Worked on basic CRUD operations in PHP and database connectivity with MySQL.
