EXPERIENCE

Web Developer Intern | [Link](#)

Oasis Infobyte

📅 Dec 2022

Full Stack Developer Trainee | [Link](#)

Sharpener Tech

📅 2023 - 2024

PROJECTS

Mail-Box Clone | [GitHub](#) 🔗

ReactJs, ReduxToolkit, RouterV5, React-Bootstrap, Firebase.

📅 May 2023 - June 2023

- Developed an email clone application using React.js, with Firebase for real-time database and authentication functionalities.
- Integrated **react-draft-editor** for composing new emails.
- Boosted performance by 20% with **lazy loading** for a smooth UI.

Realtime Chat App | [GitHub](#) 🔗

HTML, CSS, JavaScript, React, ContextApi, Firebase.

📅 July 2023 - July 2023

- A live chat app with one-on-one chat functionality, featuring media sharing, status, and profile editing. Used **Firestore** for storing data.
- Integrated **Moment.js** for timestamp formatting.
- Implemented smooth scrolling to the latest message using **useRef** and **useEffect**.

Vehicle Scenario | [GitHub](#) 🔗

HTML, CSS, JavaScript, ReactJs, Local-Storage, Hooks

📅 30 Aug 2023

- A responsive and interactive **CRUD** app in ReactJS with moving vehicle functionality.

E-Commerce App | [GitHub](#) 🔗

HTML, CSS, JavaScript, Reactjs, ContextApi, RouterV5

📅 Apr 2023 - Apr 2023

- An e-commerce app where Users can browse items,
- `if (loggedIn) { // they can add item to cart; }`
- `else { // Redirect to the login page. }`

Google Clone | [GitHub](#) 🔗

HTML, CSS, JavaScript, React, Hooks, API

📅 Aug 2023 - Aug 2023

- A responsive React app with a Google-like interface and live search functionality integrated with the **Google API**.

EDUCATION

BCA (Bachelor of Computer Application)

Berhampur University.

📅 August 2022

CGPA: 7.10

Tech:- C/C++, SE, DSA, Python etc.

SKILLS

Front-end :

HTML CSS JavaScript ReactJs
Redux Nextjs Bootstrap

Back-end (Basic) :

Node Js Express Js Python
NoSql Firebase Mongo Db

Others :

Git Npm PostMan Netlify

ACHIEVEMENTS

- Successfully completed the Front End Engineer Test provided by **Mangtas**. [Link](#)
- Solved More than **150** DSA problems in JS and Python on various platforms like LeetCode. [Link](#)

PARTICIPATION

- In Mercor's Hackathon as a Front-end Developer, I designed the **Chatbot** UI. Using HTML, CSS, JavaScript, and React,
- I made a user-friendly bubble chat interface for conversation . [Link](#)

CERTIFICATION

- Namastey JavaScript - Akshaya Saini [Link](#)
- **React** - The Complete Guide 2024 (incl. React Router & Redux) - Udemy [Link](#)
- **NodeJS** - The Complete Guide (MVC, REST APIs, GraphQL) - Udemy [Link](#)
- Web Development with HTML, CSS, JavaScript - Coursera [Link](#)
