Sr. UI/UX Designer

As a Senior UI/UX Designer, I have successfully contributed to various client and home products, including 45+ mobile app design. I have played a key role in delivering high-quality design solutions that enhance user experience and drive business goals.

I contributed to the design of a user-friendly mobile app, dashboard and web app. My responsibilities included conduction user research, creating wireframes and typography, iconography, layout, prototypes and other UI design areas. I collaborated closely with cross-functional teams, including developers, product managers, and stakeholders, to align on design goals and ensure successful project outcomes. We achieved improved user satisfaction, increased conversion rates, and positive feedback from clients.
