

KAUSTUBH LANDE

Frontend Developer

☎ +91-7796007118 | ✉ kaustubhlande52@gmail.com | 🔗 [LinkedIn](#) | 📁 [GitHub](#)

📁 Profile Summary

Frontend Developer with 1+ year of professional experience crafting responsive, high-performance web applications using ReactJS, JavaScript, HTML5, and CSS3. Skilled in translating complex UI/UX designs into scalable, reusable components with pixel-perfect precision. Proven track record in optimising website performance, ensuring cross-browser compatibility, and delivering user-centric solutions. Strong collaborator with a commitment to writing clean, maintainable code and continuously learning emerging technologies to enhance user experience and business outcomes.

⚙️ Technical Skills

- **Languages & Frameworks:** JavaScript, ReactJS, HTML5, CSS3, Bootstrap, Java (Core)
- **Layout & Design:** Flexbox, CSS Grid, Media Queries, Responsive Design
- **Databases:** MySQL, MongoDB
- **Tools & Version Control:** Git, GitHub, VS Code, Jira
- **Soft Skills:** Problem Solving, Teamwork, Time Management, Project Management

🏢 Professional Experience

Softgrowth Infotech

Frontend Developer | Feb 2024 – Present | Chandrapur (MH)

- Developed and maintained 10+ responsive, mobile-friendly web pages using ReactJS, HTML5, CSS3, and JavaScript, resulting in improved client satisfaction.
- Converted designs into scalable React components, enhancing development efficiency and reusability across projects.
- Optimised website performance by refining CSS and JavaScript logic, reducing average page load time by 30%.
- Ensured cross-browser compatibility and seamless responsiveness using Bootstrap, Flexbox, and media queries, increasing user retention on mobile devices.
- Collaborated with backend developers and stakeholders to integrate APIs and deliver end-to-end functionalities within tight deadlines.
- Managed version control effectively using Git and GitHub, streamlining team collaboration and deployment processes.

🔧 Projects

Integrated Tribal Development Project (ITDP) Web Application

Tech Stack: HTML, CSS, JavaScript, Bootstrap, ReactJS, MySQL

- Developed a centralized information portal to display verified data of government/private schools, hostels, tribal schemes, and community welfare programs under ITDP.
- Created modules for institution profiles, facility listings, active schemes, and ongoing events to support transparency and public access to tribal development resources.

- Designed a mobile-first, user-friendly interface ensuring smooth navigation, accessibility, and responsiveness across all device types.
- Built the platform with a scalable structure, allowing future enhancement and seamless conversion into a mobile application by the next development team.

WhiteCar – Car Rental & Ride-Sharing Web Platform

Tech Stack: HTML, CSS, JavaScript, Tailwind CSS, ReactJS, MySQL

- Developed a mobile-responsive web platform offering multiple travel services, including self-drive rentals, ride-sharing options, and mini-bus/tour bookings.
- Implemented core features such as one-way rentals (different pickup and drop-off points), hourly booking, full-day plans, and car selection based on user preferences.
- Built a ride-sharing module allowing users to create or join shared trips based on travel date, destination, and route, improving accessibility and travel affordability.
- Added functionality for users to hire a personal driver for travel or tours, along with a user-friendly interface for smooth vehicle browsing, booking workflows, and trip management.

🎓 Education

PG Diploma in Advanced Computing (PG-DAC)

CDAC (ACTS) Bangalore | March 2023 – Sept 2023 | Grade: A

Bachelor of Engineering in Information Technology

Sinhgad Institute of Technology, Lonavala | June 2018 – Aug 2022 | CGPA: 8.34

📖 Trainings & Certifications

- **Java (Core and Advanced), Oracle, MVC** – STEPS Technology, Nagpur (June 2022 – Dec 2022)
- Completed multiple online certifications in frontend development (ReactJS, Bootstrap, Responsive Design)

🌟 Extracurricular Activities

- Organised and volunteered in college tech fests, managing events and registrations.
 - Coordinated coding competitions and technical workshops, increasing student participation.
 - Active member of developer communities for continuous learning and knowledge sharing.
-
