

Gauri Kanojwar

iOS Developer | gaurikanojwarit@gmail.com | +91-8329953179 | **Pune, MH, India** | **LinkedIn:** [LinkedIn](#) | **GitHub:** [GitHub](#)

Enthusiastic and results-driven iOS Developer with 5 years of experience in designing and developing impactful mobile applications. Proficient in Swift, SwiftUI and various iOS frameworks. Demonstrated expertise in creating efficient, user-friendly applications with a focus on test-driven development and performance optimization. Strong problem-solving skills and ability to work effectively in collaborative environments.

WORK SUMMARY

- ✓ Working as (Software Developer) with Aurus Pvt Ltd Pune. From April/2025 – Present
- ✓ Worked as (Associate Consultant) with Capgemini Pvt Ltd. From June/2021 – April/2025

PROJECT SUMMARY

Organization: Aurus Inc

Client: United Airlines & Lululemon

- Integrated Apple Tap to Pay and QR-based payments in AESDK to enable secure transactions across multiple devices.
- Built a payment module connected with the Aurus Payment Gateway using REST APIs.
- Designed secure transaction flows aligned with PCI DSS, MPOC, and Apple security standards.
- Delivered a scalable transaction solution supporting integration with a proprietary gateway.
- Improved transaction performance by reducing processing time by 40% through API optimization and asynchronous architecture.

Organization: Capgemini Private Limited, Pune

Client: Subway (Food Delivery Application)

Tools/ Tech : Xcode, SourceTree, SonarQube, Swift, SwiftUI, UIKit, MVVM

Role and Responsibilities: Helped organization to develop scalable Project

- Worked as an iOS developer on a global Quick Service Restaurant (QSR) app, enhancing the checkout module, integrating **Adobe Analytics** for user tracking, and handling requirements, frontend and backend integration, testing, documentation, and App Store releases.
- Implemented features including menu browsing, order customization, store locator, and rewards management.
- Applied **MVVM** architecture and **Test-Driven Development (TDD)** to maintain clean and reliable code.
- Utilized REST APIs along with Core Data and SQLite to enable online and offline data support.
- Collaborated with **UX/UI** designers to build user-friendly interfaces following Apple Human Interface Guidelines.
- Participated in **Agile** sprint planning, team discussions, and code reviews to deliver features efficiently.

TECHNICAL SKILLS & CORE COMPETENCIES

- **iOS Development:** Swift, SwiftUI, Objective-C, Mobile App Development, UI/UX, Storyboard, Grand Central Dispatch, Actor, Delegates/Protocol, Localization, View Controllers, Multithreading
- **Frameworks & Technologies:** UIKit, CocoaTouch, CocoaPods, Swift Package Manager, Alamofire, Kingfisher, Foundation, Figma
- **Architecture & Design Patterns:** MVC, MVVM, Singleton, SOLID Principles
- **Security & Networking:** mTLS, SSL Pinning, Store & Forward, Secure API Communication
- **Payments:** Apple Tap to Pay, Payment Gateway Integration, MPOC Compliance
- **Development Practices:** Xcode, Agile Methodologies, Azure DevOps, SonarQube, Concurrency, Visual Studio, Eclipse ,CI/CD, BaseCamp, Monday Com
- **Testing:** Test-Driven Development (TDD), Unit Testing, XCTest
- **Version Control:** Git, SourceTree
- **Databases:** MySQL, Firebase, Core Data, SQLite,
- **Operating Systems:** Mac, Windows

EDUCATION SUMMARY

- **PG-Diploma in Mobile Computing (DMC)** Sunbeam Infotech Private Limited, Pune | 2021 (Sep '20 - Apr '21)
- **Bachelor of Engineering (Information Technology)** SKN Sinhgad College of Engineering, Pune | 2016-2019
- **Diploma in Engineering (Information Technology)** Govt. Residential Women's Polytechnic, Yavatmal | 2013-2016
