Professional Summary

Results-driven **MERN Stack Developer** with **1+ year of professional experience** building and maintaining production-grade full-stack web applications. Delivered school management systems, AI chatbot dashboards, role-based admin panels, and e-commerce platforms — all live in production. Strong in REST API integration, responsive UI development, and full-stack JavaScript. Holds a **CGPA of 8.73** in BCA from Guru Nanak Dev Engineering College, Ludhiana.

Technical Skills

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, React Router, Axios **Backend:** Node.js, Express.js, REST API Design, Socket.io **Database:** MongoDB, MongoDB Atlas, Mongoose ODM **Tools & Platforms:** Git, GitHub, GitLab, VS Code, Hostinger, Vercel, Netlify, Render, npm **Concepts:** Role-Based Access Control (RBAC), CRUD Operations, Responsive Design, Cross-Browser Compatibility

Professional Experience

SJ Solutions & Infotech

Web Developer — MERN Stack

April 2025 – Present

Ludhiana, Punjab, India

- Managed and maintained a live **School Management System** on Hostinger, ensuring uptime, performance, and reliability for day-to-day institutional operations.
- Designed and built a React.js **admin dashboard** with full CRUD and **role-based access control (RBAC)**, enabling permission-based data management across user roles.
- Integrated REST APIs via **Axios** and restructured client-side routing with **React Router**, improving modularity and navigation performance.
- Built admin panel and data management features for the **Diamond Welfare / Diamond Public School** website (PHP, Laravel).

Ansh Infotech

Junior Web Developer — MERN Stack

June 2024 – April 2025

Ludhiana, Punjab, India

- Developed and maintained company websites with **React.js**, delivering responsive, cross-browser-compatible interfaces for production use.
- Built full-stack features across the MERN stack — front-end UI components, RESTful APIs, and MongoDB data modelling.
- Integrated third-party APIs and collaborated with the team to improve application performance and user experience.

Projects

AI Virtual Assistant | React.js, Node.js, Express.js, MongoDB

Live ↗

- Full-stack AI chatbot with user authentication, session management, and real-time chat interface. Deployed on Render.

Diamond Welfare / Diamond Public School | PHP, Laravel

Live ↗

- School management welfare portal with secure admin panel, RBAC data entry, and authenticated login. Live in production.

Photography Studio Website | React.js, Node.js, MongoDB

Live ↗

- Responsive portfolio booking site with dynamic galleries and contact management. Deployed on Vercel.

BazaarHub — E-Commerce Platform | React.js, Node.js, MongoDB

Live ↗

- Fashion e-commerce platform with product listings, category filtering, and shopping cart. Deployed on Netlify.

Education

Guru Nanak Dev Engineering College, Ludhiana

2021 – 2024
