

KARTHIKRAJA S

iOS Developer

Karthik9965sk@gmail.com | +919944206055 | Avinashi, Tiruppur, Tamil nadu

SUMMARY

iOS Developer with 3.7 years of experience designing and developing mobile applications using Swift and SwiftUI. Skilled in building scalable applications, integrating third-party APIs, implementing secure authentication, and deploying apps through TestFlight and the App Store. Experienced in MVVM architecture, payment gateway integration, localization, and performance optimization. Passionate about creating intuitive mobile experiences and continuously learning modern iOS technologies.

TECHNICAL SKILLS

LANGUAGES: Swift, SwiftUI, UIKit

FRAMEWORKS: MapKit, CryptoKit, StoreKit, Core Animation, ARKit, Coreml, WebKit, AVKit

DEVELOPER TOOLS: Xcode, Git, Bitbucket, Jira, TestFlight, App Store Connect, Figma, Trello, Azure

LIBRARIES/SDK: Kingfisher, CocoaPods, Swift Package Manager, Admob, Google maps, Firebase

DATABASE: CoreData, Realm, Firebase realtime database

NETWORKING: URLSession, REST APIs, JSON parsing

ARCHITECTURE: MVVM

PROFESSIONAL EXPERIENCE

Software Engineer (iOS)

June 2025 – April 2026

Minebrat pvt limited - Bangalore

Project – RNA (Sports Club)

- Developed sports class booking features allowing users to join classes and manage waitlists.
- Implemented pagination reducing API load time by 35% and improving UI performance.
- Added localization support for multi-language usage.
- Integrated Hisabe payment gateway for secure transactions.
- Uploaded builds to TestFlight and handled App Store submission.
- Fixed production bugs and improved application performance.
- Implemented security features using CryptoKit.
- Worked with CI/CD pipelines to automate build and deployment processes.
- Managed tasks using Jira and source control using Bitbucket.

Project – Delper E-Com

- Implemented mobile number authentication system.
- Developed product listing interface using SwiftUI.
- Integrated backend APIs to fetch and manage bugs & tasks using microsoft Azure

iOS Developer

August 2022 – March 2025

Skyraan Technologies – Coimbatore

Project – Dictionary Translate

- Integrated third party libraries and APIs to add functionality to the application.
- Collaborated with Senior developers and other team members, including the Design team, Testing team and Php team to implement features and fix bugs
- Design, Develop, and maintain iOS Application line with Apple latest technologies
- implemented MVVM architecture to improve code maintainability and scalability.

Project – Preggy Zone

- MapKit : Implemented for interactive and accurate location-based features.
- API Integration : Connected with external services for seamless data exchange.
- Image Processing : Used Kingfisher and other techniques to optimize image handling.
- Social Media Login : Integrated for easier user authentication and engagement.
- AdMob : Added for in-app advertising and monetization.
- Performance Optimization : Enhanced app responsiveness and smooth functionality.
- In-App Purchases : Integrated Apple's StoreKit framework to enable subscriptions.

SOFT SKILLS

- Strong problem-Solving and logical thinking
- Good Communication and Collaboration skills
- Quick Learner with a proactive approach
- Ability to work independently and in a team

EDUCATION

Bachelor of Information Technology

2017 – 2020

Dr. N.G.P College,
Coimbatore

LANGUAGES

- Tamil – Read, Write, Speak
- English – Read, Write, Speak

AWARDS & ACHIEVEMENTS

- Employee Appreciation – Skyraan Technologies
- Multiple Production App Releases
- Successful App Store Deployments
