SKILLS

Swift

SwiftUI

Combine

Architecture & Patterns:

MVVM

MVC

Dependency Injection

Databases & Storage:

SwiftData

Realm

Firebase

SQLite

EXPERTISE

- Payment Gateway Integration:** Hands-on experience with Shiprocket and Razorpay SDKs and APIs for seamless payment and shipping workflows.
- Local Database Management:** Proficient in implementing and managing SQLite databases for efficient offline data storage and retrieval.

Third-Party Libraries & Integrations:

- Alamofire, Firebase, Realm, SDWebImage, Lottie, Stripe, Google Maps SDK, Crashlytics etc
- Payment & Shipping:** Razorpay, Shiprocket

Languages & Platforms:

- Swift, SwiftUI, UIKit, macOS, iPadOS, watchOS, iMessage apps

PROJECTS

Project Name -Cover HighlightLogoMaker(iOS/macOS/watchOS/iMessage)

<https://apps.apple.com/in/app/cover-highlights-logo-maker/id1523050329>

It's an app for creating personalized cover highlights, vintage logos, and profile content with audio, video, and image filters. Includes E-Commerce module with Shiprocket and Razorpay integration. Swift, MVVM, Combine, Core Data, UIKit, Shiprocket, Razorpay, Multi-platform (iOS/macOS/watchOS/iMessage)

Project MediServe for Mankar Trust – Government Healthcare Project (iOS App)

<https://apps.apple.com/in/app/mediserve-for-mankar-trust/id6748977011>

Contributed to a government-supported rural healthcare iOS application focused on improving medical access in underserved villages. Implemented **QR code scanning for patient registration and identification**, along with **multi-language localization (Hindi, English, Marathi)**. Integrated secure REST APIs, optimized UI for low-connectivity environments, and ensured smooth performance and data protection. Played a key role in strengthening digital healthcare delivery at the community level.

Project Name - Medify - A 24x7 Health Suite

<https://apps.apple.com/in/app/medify-a-24x7-health-suite/id1522659981>

Medify is an all-in-one health management app designed to provide seamless and round-the-clock healthcare services. Whether you need instant medical consultations, health tracking, or emergency assistance, Medify ensures that help is always at your fingertips. Get instant medical advice from certified doctors anytime, anywhere. Video, audio, and chat consultations are available for your convenience. Multi-User Family Health Management (Add family members to your account, manage their health records, and book doctor appointments on their behalf.)

Projects / Apps (International / US App Store)

- Snipit App — US App Store
- Whoopee Time — US App Store
- Look for Spot — US App Store
- Nissy beauty — US App Store

EDUCATION

Master of Computer Applications (MCA) | 2015 – 2017
Chandigarh Group of Colleges, Mohali / Punjab Technical University (PTU)

Bachelor of Computer Applications (BCA) | 2010 – 2014
SGGS College, Chandigarh / Panjab University (PU)

LANGUAGES

English, Punjabi, Hindi
