

NIRMAL BHAVSAR

Senior Software Engineer (iOS)

📞 9624251732

@ nirmal251992@gmail.com

📍 AHMEDABAD, INDIA

PROFESSIONAL SUMMARY

Results-driven Senior iOS Developer with 5+ years of experience in designing, developing, and deploying scalable, high-performance iOS applications using Swift, SwiftUI, UIKit, and Combine. Proven expertise in implementing MVVM, VIPER, and Clean Architecture, ensuring maintainable and testable codebases.

Strong background in CI/CD pipelines (Fastlane, Azure DevOps), offline-first architecture, and advanced performance optimization using Instruments and memory management techniques. Skilled in integrating RESTful APIs, handling asynchronous programming with Swift Concurrency (async/await), and building responsive, user-centric applications.

Experienced in Agile/Scrum methodologies, collaborating with cross-functional teams, and delivering high-quality products within deadlines. Adept at debugging complex issues, reducing crash rates, and improving app performance. Proven track record of successfully publishing and maintaining multiple applications on the Apple App Store, ensuring compliance with Apple guidelines.

Passionate about writing clean, efficient code, mentoring team members, and continuously adopting the latest iOS technologies and best practices.

SKILLS

Languages & Frameworks:

Swift	SwiftUI	Combine	Objective C	UIKit
AVFoundation	Core Data	Realm		

Architecture & Design Patterns:

MVC	MVVM	VIPER	Clean Architecture
SOLID Principles	Apple Guidelines		

Tools & Platforms:

Xcode	Git	Azure DevOps	Fastlane	CocoaPods
Swift package manager	Source tree	SVN		

Testing & Debugging:

XCUITest	XCTest	Instruments
Memory management	Debugging	Performance tuning
Multithreading	Debugging & Crash Analysis	

Project Management:

Jira	Trello	ClickUp	Confluence
------	--------	---------	------------

EXPERIENCE

Senior Software Engineer

Tuvoc Technologies Pvt Ltd

📅 09/2025 - Present 📍 Ahmedabad

- Analyzed product requirements and collaborated with cross-functional teams to translate Figma designs into scalable iOS application features.
- Led end-to-end iOS application development lifecycle, including planning, architecture design, coding, testing, and deployment.
- Provided accurate effort estimations and timelines, ensuring on-time delivery of high-quality mobile applications.
- Developed robust, maintainable, and high-performance applications using Swift / Objective-C and iOS frameworks.
- Worked closely with UI/UX designers to ensure pixel-perfect implementation of designs and seamless user experience.

Senior iOS Developer

Promact Infotech Pvt. Ltd

📅 04/2024 - 09/2025 📍 Ahmedabad

- Develop and maintain high-quality iOS applications with Swift and SwiftUI, ensuring exceptional UI/UX standards.
- Implement offline-first functionality using Realm with data sync to backend services.
- Collaborate in Agile sprint planning, estimations, and retrospectives.
- Manage CI/CD pipelines with Azure DevOps for automated builds and deployments.
- Key Achievements: Reduced app crash rate by 30% and accelerated app store release cycle by 25% via CI/CD.
- Implemented clean architecture, memory management, and offline data storage. Collaborated with clients to gather requirements and deliver high-quality apps on time.

Software Engineer (iOS)

DRC Systems India Ltd

📅 08/2021 - 03/2024 📍 Gift City, Gandhinagar

- Built and optimized iOS applications using Swift & SwiftUI, integrating RESTful APIs for dynamic content.
- Authored technical documentation and user guides to support project handover.
- Deployed apps to TestFlight and App Store, ensuring compliance with Apple guidelines.
- Key Achievements: Improved app performance by 20% and reduced bug count by 40% through code refactoring and testing.

EDUCATION

Post Graduation in Information Technology

Royal Business College, New Zealand

2014 - 2016

Bachelor of Computer Science and Engineering

Gujarat Technological University, Ahmedabad, India

2009 - 2013
