PROFESSIONAL SUMMARY

iOS Developer with 4+ years of experience in designing, developing, and deploying high-quality iOS apps. Skilled in Swift, SwiftUI, and the full software development lifecycle. Passionate about mobile innovation and delivering seamless user experiences. Seeking a full-time iOS developer role.

EXPERIENCE

iOS Developer, Infosys Limited

05/2022 – Current | Mangalore, India

- Engineered and optimized multi platform (iOS/macOS) enhancements for Apple's iRepair and FETCH app improving performance and user experience.
- Resolved memory leaks and threading issues via advanced profiling and static code analysis.
- Achieved 100% unit test coverage and improved test reliability with robust UI test automation.
- Performed code reviews and root-cause analysis to fix bugs and improve app stability.
- Led release processes including framework upgrades, radar triage, and environment validation, build generation and build signing.
- Managed end-to-end SDLC: requirements, design, development, testing, and maintenance.
- Provided mentorship, documentation, and onboarding support to new team members.
