PROFESSIONAL SUMMARY

UI/UX Designer with experience in user research, wireframing, prototyping, and usability-focused product design. Skilled in simplifying complex workflows into intuitive digital experiences. Experienced in compliance-driven environments, problem solving, and **AI-assisted design workflows** to improve research, ideation, and content clarity.

Work Experience

Quality Checker — Berg Technologies

Jan 2026 — Present

- Verified e-commerce products for quality, accuracy, and compliance with government regulations.
- Ensured products listed could be legally sold under applicable guidelines.
- Reviewed product details to maintain platform standards and reduce compliance risks.

UI/UX Design Intern — To-Let Globe

May 2026 — Present

- Designed responsive mobile and web experiences for property rental workflows.
- Created user flows, wireframes, and prototypes using Figma.
- Simplified complex user journeys through research-driven design decisions.
- Collaborated with developers and stakeholders to improve usability and engagement.

UI/UX Design Intern Future Intern — Virtual

Dec 2025 — Jan 2026

- Designed wellness and restaurant-based UX case study projects.
- Conducted user research, wireframing, and usability-focused prototyping.
- Created responsive mobile and web interfaces using Figma.
- Improved user flows and navigation through research-driven design decisions.

Jr.Assistant (Gold loan operation) Manappuram Finance Ltd

Oct 2023 — Jun 2025

- Supported daily customer operations and improved documentation workflows
- Developed empathy, communication, and organizational skills — values I now apply in UX collaboration.

AI IN DESIGN WORKFLOW

- Use AI to organize research insights and identify user behavior patterns.
- Generate early-stage ideas for user flows, layouts, and UX improvements.
- Refine UX writing, labels, and microcopy for better clarity.
- Explore multiple solution directions faster during ideation.
- Use AI as a support tool while keeping decisions user-centered and research-driven.

Design Skills

- Design System
- Design Strategy
- UX Design
- Interaction Design
- Visual Design
- User Research
- Usability Testing

Professional Skills

- Collaboration
- Attention to Detail
- Communication
- Adaptability
- Critical Thinking

Tools

- Figma
- AI Design Tools
- Framer
- Photoshop
- Notion

Education

(BCA)

Guru Nanak Dev University College, Pathankot

(2019 — 2021)

Certifications

UI/UX Design Certification

User Research, UX Strategy, Design Systems, AI in Design, Portfolio Development

Internshala (Feb 2025 — Aug 2025)

- View Certificate
- NSDC Certificate

CORE STRENGTHS

- Understanding user needs and translating them into practical solutions
- Simplifying workflows to reduce cognitive load
- Designing accessible and user-friendly interfaces
- Working effectively in structured and compliance-driven environments
- Using AI to improve workflow speed, research synthesis, and design exploration
