PROFESSIONAL EXPERIENCE

Programming Analyst | HCL

10/2023 – present
Chennai

Frontend Developer with 2+ years of experience in designing and developing **scalable, responsive, and high-performance web applications** using **React.js**, **Next.js**, and **JavaScript (ES6+)**. Worked on multiple end-to-end projects, from **UI design and API integration** to **deployment on AWS**, ensuring clean architecture and seamless user experience.

Implemented **Redux** and **Context API** for efficient state management and built **reusable, modular components** using **Tailwind CSS** and **Material UI**, improving development speed and maintainability. Optimized application performance through **lazy loading**, **code-splitting**, and **memoization**, achieving faster load times and smoother rendering. Collaborated with cross-functional teams to integrate **RESTful APIs** and **GraphQL**, and supported backend services built with **Node.js** and **Python (FastAPI)**. Experienced in deploying applications using **AWS S3**, **CloudFront**, and **Amplify**, with familiarity in **CI/CD pipelines** and **version control (Git/GitHub)**.
