Education

Punjab Technical University

Jalandhar, Punjab, India

Bachelor of Technology in Computer Science Engineering (GPA of 8.04)

Maharshi D B L Inter College Umari

Kanpur Nagar, U P , India

Senior Secondary Education (XII) (86.00 %)

High-school (X) (88.67 %)

Experience

Affworld Technologies PVT Ltd

Jan 2025 - Dec 2025

Full Stack (Mern) Developer (Intern + Full Time)

- Developed a fully responsive website UI build on React JS, JavaScript, tailwind CSS, HTML that reduced overall page load speed by 15 %
- Implemented server validations which decreased data corruption incidences by 30 %.
- Enhanced the usability by 40 % applying the latest accessibility standards and best practices
- Applied robust server-side validations by RESTFUL APIs using Joi and Zod to prevent data inconsistencies, decreasing data corruption cases.
- Skills: MongoDB, React, Node JS, Express.js, HTML, Tailwind Css, JavaScript, Git, Responsiveness web designing, joi, zod

Skills

Languages: C++, JavaScript, HTML, CSS

Frameworks and Libraries: React Js, Node Js, Express Js, restful API

Database: MongoDB(No-SQL)

IDE and Tools: VS Code, GitHub, GIT, Postman

Soft Skills: Problem Solving, Data Structures and Algo, Web Designer, Team Work

Languages: English, Hindi

Projects

Expense Tracker Management | React, JavaScript, HTML, CSS, Node, Express, MongoDB, Git | Live Nov 2023

- Expense Tracker App using the MERN stack, enabling users to efficiently manage their finances.
- Built a dashboard with Tailwind CSS and Charts to visualize and summarize users' expenses and statistics and make the users's experience better.
- Js algorithms scripts helps to calculate the 100 % real calculate the expenses.
- Used JavaScript to write searching algorithms that help to find the items 50 % faster .

Quick Chat App | React, JavaScript, HTML, CSS, Node Js, Express, MongoDB, Redux, API, Git | Live Apr 2024

- Developed a real-time Quick Chat Application using React.js, Node.js, Express.js, and Socket.io, enabling instant one-to-one and group messaging with seamless communication.
- Implemented Socket.io-based real-time messaging, ensuring low-latency message delivery, live typing indicators, and online/offline status updates.
- Built secure user authentication using JWT with protected routes, login, registration, and session management.
- Integrated MongoDB database with Mongoose to store users, messages, and conversation metadata with efficient querying.

Achievements

- Achieved a highest rating of **1425 on LeetCode**, one of the top competitive programming platforms globally.
- Achieved a highest rating of **1560 on CodeChef**, a globally recognized competitive programming platform.
- Secured a rating of **10,000+ on Coding Ninjas CodeStudio**, reaching the level of **Coding Master**.
- Solved **350+ DSA problems** on LeetCode and GeeksforGeeks, and earned the **Annual Consistency Badge** for solving problems **50+ consecutive days**.

Certificates

- The Complete 2022 Web Development(full-stack) Bootcamp. Live Site
