SUMMARY

Front-End Developer with 2+ years of hands-on experience in building responsive and user-centric web applications. Proficient in HTML, CSS, JavaScript, Bootstrap, and React.js, with a strong focus on UI/UX design and website performance optimization. Experienced in Shopify customization, SEO implementation, and deploying projects on Firebase, Netlify, and AWS. Adept at collaborating with cross-functional teams using Figma, integrating REST APIs, and following agile development practices. Proven ability to enhance user experience, boost search rankings, and contribute to seamless backend operations.

WORK EXPERIENCE

Web Deveoper Accociate, Hetvi Luxury, SruthilayaFine Jewellery
Hyderabad

April 2025 - Current

- 1.Maintaining and customizing the Shopify website, updating product pages, collections, and optimizing UI/UX for a premium shopping experience.
 - 2.Designed and developed React-based landing pages for new product collections, enhancing brand presentation and conversion rates.
 - 3.Built and integrated features into the admin panel and backend system, improving product management and order processing workflows.
 - 4.Implemented SEO best practices (meta tags, image alt texts, speed optimizations) to improve search engine ranking and organic traffic.
 - 5.Collaborated with design and marketing teams using Figma for wireframing and implementing modern, user-friendly interfaces.
 - 6.Deployed projects on Firebase and Netlify, ensuring fast load times and uptime reliability.
 - 7.Used GitHub for version control and coordinated with remote teams to ensure timely delivery of features and bug fixes.
