WORK EXPERIENCE

Digityx — MERN-Stack Developer

December 2024 – May 2025

Tech Stack: React.js, Node.js, Express.js, MySQL, VPS Hosting

- Built a full-stack educational platform braineduskills.in with user dashboards and attendance tracking.
- Created and integrated RESTful APIs using Express.js.
- Managed MySQL databases for users and course data.
- Deployed the application on a secure VPS environment.
- Led end-to-end development: planning, coding, deployment, and handover.
- Developed SEO-friendly frontend interfaces for:
 - globemedicinalcouncil.org
 - vcskilldevelopment.in
