

SUMMARY

Full Stack Developer with 2+ years of experience building scalable web applications, eCommerce platforms, and enterprise portals. Proficient across the complete stack — React.js, Next.js, Laravel, Node.js — with hands-on delivery of Shopify storefronts, REST API integrations, and database-driven backends. Collaborative, AI-augmented developer who ships clean, maintainable code in cross-functional teams.

EDUCATION

M.C.A. — Computer Applications
Lovely Professional University
2021 – 2023

B.C.A. — Computer Applications
Guru Nanak Dev University
2018 – 2021

WORK EXPERIENCE

Full Stack Developer

Feb 2026 – Present

C Sharma Consultancy · Jalandhar

- Architected and delivered Shopify eCommerce storefronts with custom theme development, app integrations, and conversion-optimised UX.
- Built responsive frontend interfaces using React.js, Next.js, Tailwind CSS, Bootstrap, JavaScript, and TypeScript.
- Developed and maintained backend services in Laravel and Node.js, including RESTful API design and integration.
- Engineered client web applications (NHS Portal, Medusa.js platform, Laravel portals) serving enterprise stakeholders.
- Managed relational databases (MySQL, PostgreSQL) and designed schema migrations for high-integrity data workflows.
- Configured AWS S3 for scalable file storage and media asset management; supported Heroku environments by managing environment variables and investigating deployment errors.
- Leveraged AI tools (Claude, GitHub Copilot, ChatGPT) to accelerate development velocity, code review, and documentation.
- Collaborated daily with designers, QA engineers, and project managers using Git, GitHub, and Postman.

Full Stack Developer

Sept 2025 – Jan 2026

Gem Labs · Amritsar

- Enhanced and maintained the ERP44 enterprise portal, delivering backend improvements and feature additions using Laravel.
- Optimised database queries and Eloquent ORM operations to improve portal performance and data reliability.
- Contributed to backend API development and internal tooling, supporting business-critical workflows.
- Designed and implemented frontend UI components and views, ensuring a consistent and responsive user experience across the portal.

Full Stack Developer

Feb 2024 – Aug 2025

International Knowledge Academy · Jalandhar

- Developed responsive landing pages and internal UI components using HTML5, CSS3, Bootstrap, and jQuery; implemented client-side form validation and DOM scripting.
- Maintained and scaled internal web portals with role-based admin and user panels, handling both frontend views and backend logic end-to-end.
- Architected backend features using Laravel Controllers, Blade templates, MVC routing, and Eloquent ORM.
- Implemented AJAX-driven interfaces and dynamic data tables using Yajra Datatables for improved data handling.
- Bridged frontend and backend teams to deliver integrated feature releases on schedule.

Quality Control Representative

Sept 2021 – Feb 2023

International Knowledge Academy · Jalandhar

- Maintained QA dashboards and performed systematic complaint handling, reducing resolution time.
- Operated internal software systems to track and report quality metrics across departments.

CLIENT PROJECTS — C SHARMA CONSULTANCY

healthfarmnutrition.com

LIVE

Shopify · Liquid · JavaScript

Freelance Shopify eCommerce store for a health & nutrition brand; custom Liquid theme development, product setup, and storefront optimisation.

NHS Portal

Laravel · MySQL · REST API

Enterprise healthcare portal with role-based access control, patient data management, and admin dashboards.

consultation.yourmedicals.co.uk

Shopify · Liquid · JavaScript

Medical consultation platform built on Shopify; customised Liquid theme files, wrote JavaScript scripts for dynamic UI interactions and business logic.

Medusa.js eCommerce Platform

Medusa.js · Next.js · PostgreSQL

Headless eCommerce solution; contributed as frontend developer building the Next.js storefront, product pages, and checkout flows.

Shopify eCommerce Websites

Shopify · Liquid · JavaScript

Multiple Shopify storefronts with custom theme development, app integrations, and performance tuning.
