Objective

Enthusiastic and detail-oriented Computer Applications student with a passion for web development. Proficient in HTML, CSS, Tailwind CSS, and JavaScript. Eager to leverage academic knowledge and technical skills to contribute to dynamic projects in the field of web development and technology.

Education

Bachelor of Computer Applications (BCA)

[GNDU] – [Amritsar, Punjab]

Expected Graduation: 2025

Key Courses: Web Development, Programming Languages

Technical Skills

- **Web Technologies:** HTML, CSS, Tailwind CSS, JavaScript
 - **Frameworks & Libraries:** Tailwind CSS
 - **Development Tools:** Visual Studio Code
 - **Programming Languages:** C, C++
-

Projects

Personal Portfolio Website

Technologies: HTML, CSS, Tailwind CSS

Developed a responsive portfolio website to showcase projects and demonstrate front-end development skills. Implemented custom styling using Tailwind CSS for a modern, minimalistic design.

Interactive Web Application

Technologies: HTML, CSS, JavaScript

Built an interactive web application for a task management system, allowing users to add. Integrated basic JavaScript functionalities such as event handling, form validation, and DOM manipulation.

Additional Information

- **Communication:** Strong written and verbal communication skills.
 - **Teamwork:** Comfortable working in teams, both as a leader and a collaborator.
 - **Problem-Solving:** Excellent analytical skills with the ability to debug and troubleshoot issues efficiently.
