## Summary

Experienced iOS Developer with over 5+ years in creating innovative mobile applications for fintech and healthcare sectors. Proficient in Swift, UIKit, and Cordova, with a strong focus on enhancing user experience through effective UI/UX design. Successfully development of key features for high-profile apps, improving user engagement and performance. Eager to leverage extensive technical skills and teamwork to deliver exceptional solutions and drive success in future projects.

## Work Experience

### IOS Developer, Snapwork Technologies, Mumbai, India

10/2022 – PRESENT

- Collaborated with cross-functional teams to deliver comprehensive end-to-end solutions for enterprise banking and fintech clients.
- Contributed to the development of applications for Bajaj UPI, Bajaj Merchant One, Kotak, IDBI, and IndusInd, ensuring high-quality delivery standards.
- Engineered and maintained hybrid mobile applications utilizing Cordova plugins and CLI-based integrations.
- Designed and implemented merchant-centric features including QR lifecycle management, Soundbox integration, and financial service journeys, ensuring seamless onboarding, transaction flow, and device management
- Successfully implemented and integrated several Cordova plugins across projects for Kotak, IDBI, and IndusInd.
- Delivered critical features such as Referral Code Journey in the Bajaj application, significantly enhancing user onboarding experiences.
- Executed plugin migration and upgrades, assuring compatibility and stability across various application versions.
- Focused on performance optimization, rectifying bugs, and enhancing overall application reliability.

### IOS Developer, Thyrocare Technologies Ltd, Juinagar, Navi Mumbai

01/2021 – 10/2022

- Collaborated within a large team of developers to provide end-to-end solutions for diverse clients.
- Redesigned the entire Thyroapp customer application for improved UI/UX.
- Coordinated with a team of five developers for system design, integration, application maintenance, and more.
- Served as the lead developer for the Thyroapp mobile application, playing a significant role in integrating mobile applications with Pharm Easy.
- Integrated cutting-edge technology such as CleverTap to enhance user activities and automate processes.
