WORK EXPERIENCE

iOS Developer | [Ayur AI](#) | Chennai, India

Nov 2023 – Present

- Led end-to-end iOS development of Aiwell, an AI-driven Ayurveda wellness platform — enabling doctor consultations, health assessments, and personalised diet, yoga & lifestyle recommendations.
- Architected modular SwiftUI screens with MVVM, reducing feature delivery time and improving codebase maintainability and testability.
- Integrated AWS services (S3, Cognito, API Gateway) for secure authentication, media storage, and scalable backend communication.
- Built real-time consultation and progress-tracking modules; ensured HIPAA-aligned secure handling of sensitive health data.

iOS Developer Intern | [Quinbay Technologies](#) | Coimbatore, India

Jan 2023 – Nov 2023

- Contributed to an enterprise Bill & Recharge e-commerce platform (Swift, SwiftUI), building product listing, cart, order management, and recharge flows.
- Developed reusable SwiftUI components and integrated RESTful APIs for real-time inventory, order tracking, and payment status updates.
- Participated in code reviews and Agile ceremonies, adopting clean code and memory management best practices.

Android Developer Intern | [The Katalyst](#) | Chennai, India

Jun 2021 – Dec 2021

- Built Android features using Java and Firebase, gaining cross-platform mobile development exposure that informs iOS architecture decisions.
