SUMMARY

Computer Engineering student with hands-on experience in full-stack web development and team leadership. Successfully led development of a **food donation platform** using **React, Node.js, Express**, and **MongoDB** within tight deadlines. Experienced in **secure authentication, database design**, and creating interactive solutions. Background in **Python, Django**, and **data visualisation** with strong problem-solving skills.

TECHNICAL SKILLS

- **Frontend Technologies:** React.js, JavaScript, HTML5, CSS3, Bootstrap, Tailwind CSS, JSP
- **Backend Technologies:** Node.js, Express.js, Django, Spring boot, Servlet, JDBC,
- **Databases:** MongoDB, MySQL, PostgreSQL
- **Development Tools:** Git, GitHub, Microsoft Office
- **Web Technologies:** RESTful APIs, Font Awesome,

PROJECTS

PROJECTS FoodDonation Web Platform

[GitHub](#)

- Built a comprehensive platform for donating food, managing users, tracking donations, and providing administrators with tools for oversight and insightful reporting using **React.js, Node.js, Express.js**, and **MongoDB**.
- Architected secure user authentication with **role-based access control**, a real-time donation tracking system, and responsive design with **Tailwind CSS** supporting multiple user types (donors, recipients, administrators).

Modern Agriculture

[GitHub](#)

- The Modern Agriculture website helps farmers learn advanced farming techniques, access crop management tips, explore sustainable practices, and connect with experts. It provides resources on modern tools, weather updates, market prices, and training modules to improve productivity and profitability.
- Implemented using **React, HTML, CSS, JavaScript, Tailwind CSS**, and **Font Awesome** with for responsive design, ensuring smooth navigation and a user-friendly experience.

Achievements

- Participated in Techoplanate at RK University (International Level), showcasing expertise in Figma for UI/UX design, prototyping, and wireframing. Earned a certification for outstanding performance and innovation. Participated in the Web Builder Competition at Techoplanate, RK University, at the
- international level, showcasing web development skills and receiving a certification for excellence in innovative web solutions

ADDITIONAL INFORMATION

Certifications

- Cisco Certified Network Associate Wireless (CCNA-W) on July 19, 2024
- Earned certification in Java Programming Fundamentals from Infosys Springboard on December 14, 2023

EDUCATION

Aug 2022 – May 2026

RK University, Rajkot

Bachelor of Technology in Computer Engineering

7.32 GPA

Higher Secondary (12th), Intermediate in Science

May 2021– Feb 2022

Rajkeshwar Rao S.S+2 School, Bijabaniya, Chanpatya, West Champaran Bihar.

Percentage :- 60%
