Summary

Self-taught MERN Stack Developer with hands-on experience in React, Node.js, MongoDB, Next.js, and Tailwind CSS. Skilled in building responsive, scalable web applications and real-world projects.

At Excel Range Media, I merge creativity with coding to translate the client's needs into clean, responsive websites and applications that work reliably on devices of all sizes. I believe in continuous learning, best-practice coding standards, and a collaborative approach that helps teams and clients realise their vision efficiently.

Experience

Web Designer

Excel Range Media

September 2023 - June 2025 (1 year 10 months)

Model Town

- Designed visually appealing, user-centered web layouts that enhanced user engagement and navigation.
 - Integrated HTML, CSS, JavaScript, along with frameworks such as Bootstrap and databases like MySQL, into websites.
 - Utilized SEO techniques to improve search engine rankings of websites.
 - Managed website deployment and maintenance, including troubleshooting and performance optimization.
 - Integrated back-end services with PHP on Rails to support website functionality.
 - Analyzed the website traffic and user engagement metrics to help make improvements, hence increasing visitor retention rates.
 - Provided technical support and training for users to effectively manage website content.
