SUMMARY

Frontend Developer with 2+ years of experience in building responsive and user-friendly web applications. Skilled in **HTML5, CSS3, JavaScript, React.js, and WordPress**. Experienced in converting UI/UX designs into functional web pages, optimizing performance, and ensuring cross-browser compatibility. Strong focus on clean, maintainable code and collaborative development to deliver high-quality digital products.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap, jQuery

WordPress Development: WordPress, Elementor, Oxygen Builder, WooCommerce, Divi Builder, Kadence Blocks, Kadence Theme

Design & UI Tools: Figma, Webflow, Adobe Photoshop, Adobe Illustrator, Adobe XD

Tools & Version Control: GitHub, Visual Studio Code (VS Code)

PROJECTS

MalCare Security Website

- Replicated the original UI/UX design with pixel-perfect accuracy based on provided layouts and references
- Optimized website performance by improving layout structure, reducing unnecessary components, and ensuring fast load times
- Ensured responsive design and cross-browser compatibility across desktop, tablet, and mobile devices

Live Website: <https://www.malcare.com/>

Just Chamba (E-Commerce Website)

- Designed and developed a full-featured e-commerce platform for organic and handmade products using WordPress, Oxygen Builder, and WooCommerce
- Created a custom UI/UX from scratch, translating brand requirements into a clean, user-friendly and conversion-focused design

Live Website: <https://justchamba.com/>

CG Presentations

- Replicated a modern corporate UI with a clean, professional layout aligned to brand standards
- Implemented responsive design to ensure seamless user experience across desktop, tablet, and mobile devices
- Focused on clean layout structure, typography, and visual hierarchy to enhance readability and content flow

Live Website: <https://www.cg-presentations.com/>

Electroplus (Electronics E-Commerce Website)

- Developed a responsive e-commerce website for electronics products with a focus on clean UI and smooth user experience
- Optimized layouts for performance, responsiveness, and cross-browser compatibility
- Focused on reusable components and structured code for easy scalability and future enhancements
