PROJECTS

Responsive Bakery Website: Developed a responsive bakery website using HTML, CSS, and JavaScript. Implemented a user-friendly interface with interactive elements, ensuring seamless navigation across various devices. Demonstrated proficiency in creating a visually appealing and engaging website that showcases the bakery's products and services effectively. ([Try it here](#))

Responsive Product Landing Page: Designed and developed a responsive product landing page using HTML, CSS, and JavaScript. Implemented a user-friendly interface with interactive elements to enhance user engagement. Demonstrated proficiency in creating a visually appealing and functional layout that adapts seamlessly to different devices. Showcased strong attention to detail and cross-browser compatibility. ([Try it here](#))

Portfolio Page: Developed a personal portfolio website to showcase my skills and experience in web development. Utilized HTML, CSS, JavaScript, and React to create a responsive and user-friendly interface. Demonstrated proficiency in front-end development, UI/UX design, and project management. The website serves as a comprehensive representation of my technical abilities and creative vision.

Business Profile: I've developed a responsive single page website that streamlines the process of Business Profile of an Advertisement Company. Built with HTML, CSS, and JavaScript.
