SUMMARY

An enthusiastic fresher with a self-starter attitude, I am proficient in developing web applications. My technical skills include HTML, CSS, C programming, Javascript, Python, PHP and SQL. I am eager to contribute to an organization's growth and enhance my skills in a competitive environment.

TECHNICAL SKILLS

MongoDB
Expressjs
React
Nodejs
Tailwind
PHP
JavaScript
Python
HTML,CSS
C-Programming

CERTIFICATIONS

- ❖ Digital Marketing
- ❖ Youtube video Marketing
- ❖ Basics of Stock Market
- ❖ Personal Finance Management

POWER SKILLS

- Initiates conversation with others
- Values Imaginative and Innovation
- Feels for others and focused
- Works independently in a structured manner

EXTRA CURRICULAR ACTIVITIES

- Inter college chess |Winner
Feb'22 |
- Vice President | IT Forum |
Apeejay college of fine arts

Skills

Communication
Problem solving
Leadership
Creativity
Time management
Teamwork
Content writing

Hobbies

Cooking
Playing sports
Gardening
Listening Music
Investing in stock market

PROJECTS And INTERNSHIPS

Microsoft Internship in Web Development (Aadi Foundation) June'24

- Gained hands-on experience in front-end and back-end web development
- Developed problem-solving skills through debugging and code optimization.
- Enhanced understanding of version control systems like Git for collaborative coding.

Unified mentor July'24

- Collaborated with a team on projects, following Agile methodologies for efficient workflow and project management
- Gained proficiency in debugging tools and code review processes, improving code quality and functionality
- Utilized front-end technologies such as HTML, CSS, and JavaScript

AI Music Streaming App Dec'23

- Developed a full-stack music platform with song search, genre filtering, playlist creation, and a "Now Playing" bar
- Integrated an AI chatbot for song suggestions and app help. Added an AI feature that converts user-written lyrics into songs.
- Built using Node.js, Express, MongoDB, EJS, and Tailwind CSS.

Technology: The Silent Monster of the Future

- Conducted an independent research project analyzing the psychological and social impacts of excessive technology use
- Utilized survey methodology with 106 respondents to assess behavioral patterns and emotional outcomes
- Proposed mitigation strategies including digital literacy, ethical tech design, and policy interventions

EDUCATION

Master's in Computer Applications Aug 23 - Present
Apeejay Institute of Management | Jalandhar, IN

CGPA - 8.02

Bachelor's in computer applications Jun '19 - Aug22
Apeejay college of fine arts |
Jalandhar,IN

CGPA-8.3
